The record includes a description of each campaign, the specific CPNI that was used in the campaign, and what procedures and services were offered as a part of the campaign. As a matter of general practice, Carrier has never used CPNI in any outbound sales or marketing campaign. However, in the event Carrier chooses to use CPNI for any future outbound sales or marketing campaign, the CPNI officer has been instructed to keep and maintain all pertinent records available for review at the corporate office.
- ☐ Carrier has established a supervisory review process regarding compliance with the CPNI rules with respect to outbound marketing situations and maintains records of carrier compliance for a minimum period of one year. Specifically, Carrier's sales personnel obtain supervisory approval of any proposed outbound marketing request for customer approval regarding its CPNI. As stated previously, Carrier has never used CPNI in any sales or marketing campaign, however, the CPNI officer has been trained as to the applicable rules governing the specific use of CPNI as it relates to outbound marketing efforts on behalf of Carrier. Any records with regard to CPNI use will be maintained by the CPNI officer in the corporate office.
